14′ STANDARD RIG

Build excitement in your facility when you develop functional training group classes using the 14′ Standard Rig. Your members will go crazy over the variety of movements! Support 10-12 people simultaneously with the optional Olympic bars and plates, dip station, squat rack, landmine, plyo step, battle rope, and so much more. Optional rolling plate storage keeps the area safe and clutter-free.

*Suspension trainers are optional as shown, and not included in price.
