UNITE
22" Touchscreen Console

The UNITE 22” Touchscreen Console redefines the exercise experience with its expansive, high-definition display—the largest in our lineup. Its vibrant 22” screen not only enhances visibility but also delivers unmatched clarity and interactivity. Packed with advanced features such as built-in workout programs, seamless wearable connectivity, wireless charging, and access to a wide range of entertainment options through Google Mobile Services, this console offers the ultimate combination of functionality and engagement. Designed for maximum user satisfaction, it is the perfect addition to any of our Apex, Gravity, or Vapor cardio equipment.

FEATURES

- **Vibrant 22" Touchscreen Display**
  Immerse yourself in a high-definition interface designed for seamless navigation and engagement.
- **Extensive Entertainment Options with Google Mobile Services (GMS)**
  Enjoy access to popular streaming apps like YouTube, alongside tools such as Gmail, Chrome, and other apps. With GMS integration, TRUE provides a customizable Google Play Store experience, enabling operators to tailor app availability while delivering an advanced, intuitive user interface that enhances engagement and efficiency.
- **Seamless Wearable Integration**
  Connect effortlessly with Apple® and Samsung® smartwatches, allowing users to track workouts and sync metrics for a more personalized fitness experience.
- **Screen Mirroring**
  Mirror content from personal devices directly onto the console with ease using the mirroring feature and a user-provided cable.
- **Built-In Workout Programs**
  Choose from a variety of preloaded workouts, including the innovative "Draw Your Workout" program, designed to meet personal fitness goals. Quick-access controls simplify interval changes, making HIIT training more intuitive.
- **Wireless Charging**
  Keep your devices powered up during your workout with convenient wireless charging functionality—no cables required.
- **Bluetooth® and Polar® Compatibility**
  Sync your Bluetooth headphones, heart rate monitors, or Polar devices to enjoy an optimized and connected workout.
- **Optional Real-Time Asset Management**
  Monitor equipment performance with advanced asset tracking, featuring usage reports and real-time notifications via EcoFit.
